

## High Quality Pad Mount Electrical Equipment

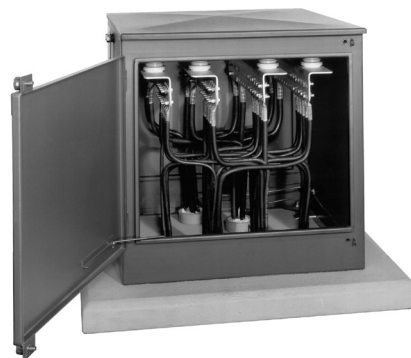

Founded in 1952, Elliott Industries manufactures made-to-order, high-quality pad-mount electrical equipment for electrical utilities, industrial customers, commercial customers, and original equipment manufacturers. The company provides primary metering stations, switchgear, fuse gear, secondary bus enclosures, and special power distribution products. Elliott also manufactures cycloaliphatic epoxy apparatus bushings and insulators for air-insulated equipment.

### Pad-Mounted Equipment

- ◆ Switchgear & Fuse Gear
- ◆ Cable Switching Stations
- ◆ Primary Metering Stations
- ◆ Primary Capacitor Stations
- ◆ Secondary Bus Enclosures with & without CTs

### Components

- ◆ ELRIM Epoxy Bushings
- ◆ ELRIM Epoxy Insulators
